Experience

Fiveline Healthcare Pvt Ltd

Sept 2024 – Present

Software Developer

Mumbai, India

- Built and scaled a healthcare Flutter application by developing key engagement features (community section, job board, news feed) that drove user growth and retention across Android and iOS platforms.
- Architected and implemented secure RESTful APIs using Laravel and MySQL, ensuring efficient data handling and seamless frontend-backend communication via GetX.
- Optimized application performance and responsiveness through code profiling, debugging, and adherence to Flutter best practices.
- Assisted in cloud infrastructure management on AWS and DigitalOcean, ensuring reliable deployment and scalability.
- Supported debugging and performance profiling, maintained clean, reusable code, and contributed to continuous improvement through agile development practices.

Bonum EDesigns LLP

Mar 2024 – Jul 2024

Software Developer (Internship)

Mumbai, India

- Engineered and launched a full-stack healthcare Android app on Play Store, enabling seamless patient-doctor connectivity.
- Integrated Razorpay for secure in-app payments and developed real-time audio/video consultation features.
- Built maternal health modules like pregnancy tracking, due date calculator, and kick counter for enhanced user care.
- Developed and maintained RESTful APIs using PHP Laravel and MySQL, ensuring secure and efficient backend operations.

Projects

SICTIM App | Android, Java, XML, Figma, MySQL

- * Developed a conference management system for SICTIM (Somaiya International Conference) using Firebase Realtime Database, enabling seamless research paper submissions, registrations, and real-time status tracking.
- * Implemented features such as event listing, user registration for research paper submissions, and CRUD operations for managing data.

Pharmacy Management System (Web Application)

- * Designed and developed a Pharmacy Management System using JSP, Servlets, and MySQL, with role-based dashboards for vendors, customers, and administrators.
- * Implemented core functionalities like booking, managing orders, and secure payments, and facilitating efficient pharmacy operations.

Technical Skills

Programming Languages: Java, Kotlin, Python, PHP, JavaScript

Mobile Development: Flutter, Android, GetX, Firebase

Web Technologies: HTML, CSS, Javascript, PHP, XML

Database: MySQL, SQLite, SQL

Tools/Frameworks: Git/GitHub, Figma, AWS, DigitalOcean, GCP, Razorpay

Education

K J Somaiya Institute of Management

Sept 2022 - Sept 2024

Master's in Computer Application(7.5 CGPA)

Mumbai, India

Keraleeya Samajam's Model College(Mumbai University)

Jul 2019 - May 2022

BSc - Information Technology(7.25 CGPA)

Mumbai, India

Achievements/Co-curricular Activities

- * Ranked in Top 5 at the Android Hackathon by Technovanza VJTI 2024 among 200 participants
- * Team Lead at SICTIM 2023-24 (IEEE): Led 5 teams and verified around 150 research papers for plagiarism
- * Development Team ICON Techfest
